

ZEPCAM T3 Live Bodycam

Product sheet

4G connected bodycam for frontline professionals

The *T3 Live* body-worn camera is the next generation of secure and connected bodycams of European bodycam pioneer ZEPCAM.

It's the perfect solution for frontline professionals and lone workers in public safety, security, inspection and heavy industry. The *T3 Live* bodycam allows the user to capture and stream the video to, for instance, co-workers at an HQ or control room. The images can be viewed in real-time using ZEPCAM Manager software.

- ✓ **Top-class live streaming**
- ✓ **4G / WIFI / BT**
- ✓ **User friendly**
- ✓ **Robust and IP68 waterproof**
- ✓ **Secure & GDPR compliant**

Fully integrated solution with the ZEPCAM platform.

The *T3 Live* belongs to the ZEPCAM platform of integrated hardware, software and IT infrastructure. The solution maximizes security, efficiency and situational awareness for frontline workers and their remote colleagues.

The *T3 Live* platform simplifies the management of the video evidence workflow. The platform includes many functionalities enabling authorized staff to quickly access and utilize video footage to improve decision making, ensure transparent operations and access forensic data.

ZEPCAM T3 live Bodycam

Product sheet

Specifications

Main

Functionalities	Recording & wireless streaming of audio, video and GPS
Video resolution	1440P, 1080P, 720P
Video format	MP4, H.264, H.265
Pre event recording	Max. 60 seconds
Connectivity	4G, WiFi, BT

Video & optics

Sensor	Sony IMX sensor 140 degree Excellent nightview & dewarp technology
Video streaming technology	ZEPCAM wireless streaming technology for superior streaming quality in dynamic wireless networks
Cameras	In main unit and external* camera

Battery

Capacity	4200 mAh for 16 hours continuous recording or 10 hours continuous streaming
Charging	Via docking station*, single dock or USB-C connector

Various

User interface	LCD screen for status information (not for video playback) 4 buttons of which 1 programmable button LED for notification of public Audio & haptic feedback Via ZEPCAM docking station*, Wifi, PC
Data offload	AES 256
Recording encryption	GPS / GLONASS
Location	IP68
IP Class	85x57x30mm (ex antenna)
Size	148g
Weight	Flexible including <i>Klick Fast</i> support
Mount	External antenna to ensure optimal performance
Antenna	4G LTE antenna for wide range of 4G networks SMA connector to use antenna of choice for specific LTE band connection
Extra functionalities	Scene tagging, trigger based recording & streaming, 2 way audio

Available Software

Zepcam manager	Web-based software with advanced functionalities. Storage on server or cloud. 3rd party integration
----------------	---

*Available at later stage

INTEGRATED SOLUTION: EASY, SECURE AND SCALABLE

Stream & capture video

Compact, robust & easy to use 4G bodycams

Video transfer over 4G

Reliable, wireless video streaming technology

Secure storage

Store and manage on the ZEPCAM cloud or own server
